VALUES - "*Why*"

Simple, clear statements that explain the “why” and drive behind an organization’s goals.

VEHICLES - “How”

The specific training methods used to implement and impact culture.

TOOLS

Tools are more like a compass than a map. They help you determine where you are and what direction you want to go. These tools will help you name what needs to be changed.

- Character / Competency
- Invitation / Challenge
- Integrated Life Triangle
- Leadership Square

EXAMPLES OF VISION STATEMENTS

Ten Thousand Fathers & Mothers: By 2030, 10KFAM will empower over 1,000 leaders and partner with multiple communities who desire to create disciple-making worship cultures.

Save the Children: A world in which every child attains the right to survival, protection, development, and participation.

Teach for America: One day, all children in this nation will have the opportunity to attain an excellent education.

Smithsonian: Shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world.

EXAMPLES OF VALUES

- Our worship will be personal before it is public.
 - We are committed to worshipping from the overflow of a personal relationship
- We will be servants not stars.
 - Our identity is who we are, not what we do
- We worship with our lives, not just our songs.
 - What we do on Monday is as important as what we do on Sunday
- LOVE - We will seek to love the Lord with our heart, mind, soul and strength and love one another.
- GROW - We are committed to challenging ourselves to reach our full potential in Christ; in our character and our competency.
- SERVE - We are committed to serving both on and off the platform.

EXAMPLES OF VEHICLES

- Huddle

- Consistent meetings over a predetermined amount of time where invitation and challenge are offered to key leaders for optimal growth and development.
- Vision Nights
 - Semi Annual or Annual gatherings that remind, inspire, and empower others to implement the vision of the team.
- Worship Nights
